PIP COLLECTIONS

Healthcare Providers: You *ARE NOT* getting paid properly

LaBovick Law Group recovers unpaid or underpaid Personal Injury Protection (PIP) benefits from insurance companies for medical services rendered to accident victims.

We fight for your hard-earned dollars, using a dedicated team of PIP collection specialists. Our PIP department is devoted to assisting YOUR practice while it navigates through the complicated and ever-changing PIP landscape.

WHAT WE CAN DO FOR YOU *At NO cost to you*, we will send a dedicated team *to your office* to audit your present and past PIP files. We will scan the files that have been denied or incorrectly reimbursed and bring those files back to our office for investigation.

We will review all your PIP claims dating back 5 years and demand compliance from the insurers. We won't cherry-pick easy PIP files. We work to get you **100%** of what you are owed on every file.

WE RECOVER YOUR CASH We have developed specialized PIP audit and bill collection software to find every penny for you. We demand the insurance companies pay you 100% on every file. If they don't comply, we will litigate these cases and win. If we don't win, we will cover any risk to you or your practice.
